Docket No. 98N-1265 JUN 11 10:32
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Please do not take away my ability to purchase/receive the compounded prescription medication I need. This Rx has been effective without the unpleasant & unhealthful side effects of my former Rx.

The compounded Rx I need is not available in my state and I don't know what I'd do if my freedom to obtain my medication is taken away.

Please don't let the big drug companies take away my choice and force me to use a product that does more harm than good, or leave me with no medication at all.
